Bonjour,

It will be great to reconnect and discuss about the situation in Québec.
I'm away for spring break with until march 8th.
Mme Perreault will get back to you and propose a date for the meeting.

Thanks

Dear Ms. Caron,

I am Sue Cowan, the interim CEO of Crohn's and Colitis Canada. I hope this email finds you well.

I am following up on a meeting held with Crohn's and Colitis Canada's former President & CEO – Mina Mawani – and yourself on Quebec's consideration of implementing a biologic to biosimilar switch policy.

We understand that the Quebec government has been contacting gastroenterologists and other patient organizations to re-initiate consultations leading up to the government's switch policy.

As Mina mentioned, Crohn's and Colitis Canada is the only national health charity focused on research and supporting Crohn's disease and ulcerative colitis patients through education, awareness and advocacy. In preparation for our follow up meeting, we held a roundtable of gastroenterologists and patients and have conducted surveys.

To support Quebec's decision on the switch policy, we are reaching out to request a meeting with you and/or Ms. Perreault at your earliest convenience to share this information.

We hope to work with you to support cost savings along with ensuring the health of Quebec constituents living with Crohn's disease and ulcerative colitis. We are looking forward to hearing from you.

Sincerely,

Sue
